FEBRUARY'S CURRICULUM

In February we will explore four different themes. We will learn about different forms of transportation used in our environment. We will learn the origins of Saint Valentine, our 5 senses and the importance of dental care. Black History will also be part of our curriculum. We have many things to learn this month!

VALENTINE'S DAY PARTY

On February 14th each class will have its own individual class party. Each teacher will put a sign up for their class' time and items they will need for the party. If you can bring in something...sign up 😊! Healthy food preferred!
The children will also exchange Valentine cards at the party so make sure they have their cards ready. We will have class list available.

CLASS FIELD TRIP

On February 27th at 10am we will have a visit from the Dentist in the Colgate Bright Smiles, Bright Future Mobile Dental Van. They will give a group demonstration to the children about dental hygiene and each group will get a chance to get on the mobile van and see the dentist and get in the chair for a screening (they just take a peek in their mouth). Parents just need to sign permission slip. This is a free event and parents are welcome!
