FEBRUARY'S CURRICULUM

In February we will explore four different themes. We will learn about different forms of transportation used in our environment. We will learn the origins of Saint Valentine, our 5 senses and the importance of dental care. Black History will also be part of our curriculum. We have many things to learn this month!

VALENTINE'S DAY PARTY

On February 14th each class will have its own individual class party. Each teacher will put a sign up for their class' time and items they will need for the party. If you can bring in something...sign up ☺!

The children will also exchange Valentine cards at the party so make sure they have their cards ready. We will have class list available.

Looking forward to a great month!

Ms. Heather
